DURAPLAS™

EGG TRANSPORT SYSTEM

Southwest Agri-Plastics manufactures DURAPLAS in Dallas, TX and has over three decades of experience in manufacturing plastic products for the agricultural industry. We manufacture the best quality products at the best price.

Cleanability - Non-porous smooth surface is easy to clean and fast drying, minimizing risk of contamination.

Durability - DURAPLAS is made out of high-impact plastic providing superior impact and wear resistance. Will not rust, rot, or corrode. U.V. additive provides excellent U.V. resistance.

Performance - Smooth surface reduces breakage problems and inhibits the growth of bacteria. Available in a three-part interlocking system that can be customized to fit your specific need.

BIO-PRUF Anti-Microbial Protection

Laboratory tests of salmonella, e.Coli, staph and pneumonia cultures demonstrated a clear difference between untreated samples (A) and those treated with BIO-PRUF Anti-Microbial Protection (B), which inhibited the growth of bacteria. (See Side 1)
